

Order Cam Installation Guide

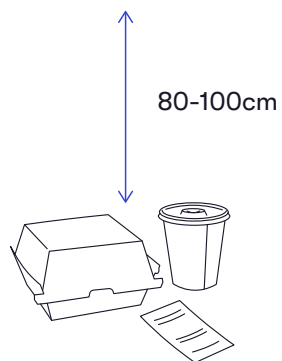

In the box

- ✓ Camera with button attached
- ✓ Power supply
- ✓ Alcohol wipes
- ✓ Velcro strips (plus spares)

You'll need

- Wired Ethernet connection for internet access

1.

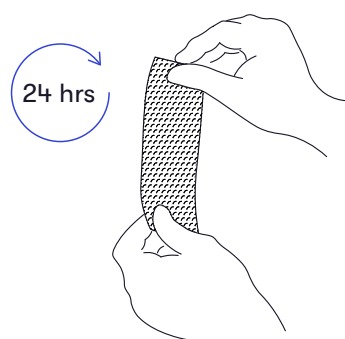

Position the camera

Mount **80–100cm** above the surface where receipts/orders will go.

Place the button within easy reach – avoid reaching across the camera.

2.

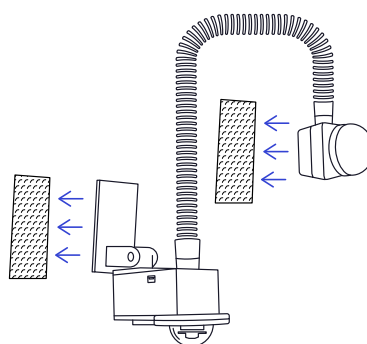

Clean & stick

Wipe the wall with alcohol wipes.

Once dry, apply Velcro.

▲ Let Velcro cure for 24 hours before mounting.

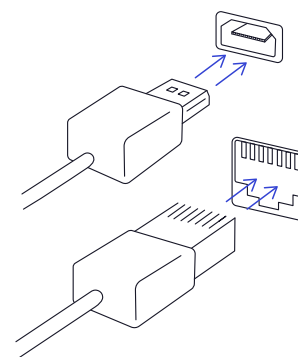

3.

Mount

After 24 hours, attach the camera and button using the Velcro.

4.

Connect

Plug in the power and Ethernet cable.

5.

Configure

Go to ordercam.videoloft.com or scan the QR code.

Log in, go to Settings, adjust image orientation or capture area if needed.

You can also snap photos with the Order Cam mobile app – just log in with the same account.
